

THE Anarchists of Chicago gathered about the graves of the criminals justly sentenced by Judge GARY, abused Judge GARY and lauded Governor ALTGELD. The decent people of Chicago, those who profess no creed of anarchy and murder, have just indorsed Judge GARY, but the opposing class, the enemies of society and civilization, stand for ALTGELD. It may be said that no public Anarchistic demonstration should have been permitted in Chicago even in a grave yard. But, after all, it is well that occasionally the two opposing forces "stand up and be counted." The motley gang in the grave yard having stood up for ALTGELD, the sight will be the more impressive when the non-criminal people of Illinois stand up against him.
