

were read and the congress adjourned.

**SECRET POLITICAL ORDERS.**

**Various Societies Meet in Conference at Chicago.**

CHICAGO, Oct. 25.—A conference of the executive officers of the American Orphetic secret orders was held here yesterday. The meeting was attended by members of the senior and junior orders of American Mechanics, Daughters of Liberty, Patriotic orders of Sons of America, American Protestant association, the American Protective association and several members of the national committee of the American party. The gentlemen present declined to furnish their names and gave out that their meeting was the consideration of a common platform of principles and a closer union of the various orders. The representatives present agreed to call a national convention at a date to be fixed some time next spring, and the various national and state bodies will be requested to send delegates.
