HELD IN ABEYANCE.

No Park or Boulevard Plans to Re-ceive Further Attention.

OF CE OF THE BOARD CLOSED.

Landscape Engineer Kessler Tenders His Resignation.

The Commissioners Say Nothing Can Be Done Until They Get the Funds They Have Applied For—Have Not Resigned.

The park and boulevard commissioners have decided to shut up shop and declare all business off for the present, owing to the action of the apportionment committee in throwing its recommendations into the waste basket...

The board will close the office and no further plans will be projected, nor will anything be done to carry out the schemes already inaugurated. It is possible that some way out of the tangle will be found and that the board will be enabled to go on with its work.

It is a business proposition that if the city can not spare the money for the carrying out of the modest plans of the board, there is no use of the board wasting its time. The board is composed of business men, and it is proceeding on a business basis.

Regarding the Budd park improvement, the city council or the board will not proceed with the improvement of the park until the adjudication of the litigation in which the question is at present involved.

Put their names on their products. If there's no name, there is a suspicion that the goods are not the best. So, in buying Lincoln, look out for the lettering "Wild's Lincoln" is on the back.

A POOR SUBSTITUTE

One pays more for a poor substitute than for the real thing. That's the reason he says "just as good." And that is one reason why every woman who wants Doctor Pierce's Favorite Prescription should go to a reliable dealer.

A long advertisement is unnecessary to convince you that you need Dr. Sage's Remedy for your Catarrh. Its makers offer \$500 for a case they cannot cure.

THE WEATHER.

It Will Be Rainy and Slightly Colder To-day.

Cloudy weather was the order of the day yesterday until night, when there were several heavy showers. The maximum temperature was 62 deg. and the minimum 40 deg.

Table with columns: Stations, Temperature, Direction of Wind, Amount of Rainfall, State of Weather. Lists various cities like Dodge City, New Orleans, Galveston, etc.

Yesterday's Local Observations.

KANSAS CITY, MO., April 23, 1903. Maximum temperature, 62; minimum temperature, 40; mean temperature, 54.

Stage of water in river, 11.6; rise, 0.1.

The Best Makers

Put their names on their products. If there's no name, there is a suspicion that the goods are not the best. So, in buying Lincoln, look out for the lettering "Wild's Lincoln" is on the back.

ANOTHER LOTTERY SUIT.

This Time E. Fox Figures in the Petition as Plaintiff. The lottery war was continued yesterday by the Little Louisiana Lottery Company.

MINISTER GRAY'S VISIT.

He Will Be Received by Members of the Commercial Club.

A Committee Appointed to Meet Him at the Train and Escort Him to His Hotel—The Next Meeting Will Be a Social One.

There was but a small attendance at the meeting of the Commercial Club last evening, those present being the faithful who do not care for weather. The first matter brought to the attention of the club was a letter from Osage City, Kas., asking aid for the sufferers from the recent wind storm there.

A communication from Percy Thompson was read explaining a project adopted by the committee of raising for the coming season, 1903, the world's fair tourists, and suggesting that an effort in the same line be made by the Commercial Club.

Mr. Crittenden spoke at some length. He explained how he came to be appointed consul general to Mexico and said that he hoped to go of large service to Kansas City in a commercial way.

After some discussion it was decided to appoint a committee of twenty-four to meet the minister and to accompany him as far as Topeka. All members of the club are requested to be at the trip to meet the minister.

The president was instructed to communicate with Governor Stone and learn when it will be convenient for him to visit Kansas City.

The president was instructed to communicate with Governor Stone and learn when it will be convenient for him to visit Kansas City.

A Kansas City Lecturer.

Mr. Thomas J. Dickson, of the Kansas City bar, has been invited to deliver his lecture "Enlightenment, as the Boy Scout gives a talk."

City Hall Notes.

Mr. J. E. Logan took out a permit yesterday to erect a sign on 12th W. Broadway street to cost \$19,000.
