TO BE ORGANIZED TO-DAY.

The New Western League of Base- ball Clubs.

Prospects of the New Organization Very Bright—Yesterday's Races at Mem-phis and Elizabeth—General Sporting News and Gossip.

The new Western Association will be born to-day unless some most unexpected hitch should occur. The meeting to organize it will be called to order at the Midland hotel this morning. Until the meeting has discussed the situation it is not possible to tell whether the new league will have six or eight clubs. It is expected, however, to make it an eight club league, with Denver, Pueblo, Omaha, Wichita, Topeka, St. Joseph, Sioux City and Kansas City as members. Wichita and Sioux City are the doubtful quantities. The Kansas City club will have unusually strong backing. Among those interested in it are Walton H. Holmes, J. W. Speas, E. P. Swinney, M. H. Hudson, A. Judah and L. C. Krauthoff. If he can be induced to accept the office, Walton H. Holmes will probably be chosen president of the new association.

The question of the length of the season will be one of the first matters taken up to-day, and it is probable that a four months and a half season will be decided upon, to open May 13. A five months' season would run too late into the fall. The guarantee will probably be fixed at \$50. In case it is found that St. Joseph and Topeka can not have Sunday ball the schedule will be so arranged that their Sunday games can be transferred to Omaha and Kansas City. A large number of letters were sent out yesterday to players whom it is hoped to secure for the Kansas City club, and it is expected to have a nine here ready to begin practice within a week. Some of the other towns are a little in advance of Kansas City in the matter of securing players, and already have a number of men under contract.

RACING IN THE MUD.

The Books and the Public Break Even

MEMPHIS, TENN., April 25.—The eleventh day's racing at Montgomery park was witnessed by 4,500 people. The track was very muddy. The third race, a special race, purse of \$1,000, was declared off and a \$500 selling purse substituted. Two favorites and Rally, an even favorite with Catlan, won. First race—Purse, 3-year-olds and up; six furlongs. Rally, 121 pounds (Reagan), 2 to 1, won easily by a length; Catlan, 121 (R. Jones), 2 to 1, second; Bill Howard, 107 (Smith), 8 to 1, third. Time, 1:20 1/4. Pigeon, Horealis, Get There and Costa Rica also ran. Second race—Selling, 2-year-olds; four furlongs. Miss Mamie, 89 pounds (Perkins), 8 to 5, won by a length; Piltsburg, 102 (Reagan), 3 to 1, second; Willford, 105 (Thorpe), 4 to 1, third. Dimples, George Berz, Fox Hound; Atroy and Laureate also ran. Time, 0:55 1/4. Third race—Selling; five furlongs. Emperor Billett, 100 pounds (Carr), 6 to 1, won easily by three lengths; Dutch Over (Perkins), 4 to 1, second; Arak, 109 (R. Jones), 5 to 1, third. Time, 1:01 1/4. Julius Sax, Hal Fisher, Frank Ellis and Owen Bowling also ran. Fourth race—Purse; seven furlongs. Eugenio, 101 pounds (Kunze), 5 to 2, won by a length; Granite, 103 (Perkins), 3 to 1, second; Tattler,

task to hold the youngster safe. Trainer Emanuel Harding, who has handled Modesty, Pearl Jennings and Freedom in their prime, declares he never saw such a horse as Thacarra, and his word ought to be sufficient. The colt will race at the spring meeting of the St. Louis Jockey Club, and had best be watched.

TO THE CHOCTAW DELEGATION.

Secretary Smith Outlines the Plan Upon Which He Proposes Their Trouble Shall Be Settled.

WASHINGTON, April 25.—[Special.] The Choctaw delegation, consisting of Green McCurtain, Everidge Vinson and Andy Wright, called on the secretary of the interior this morning to resume the consideration of the question involved in the Choctaw trouble. They remained for an hour, when the secretary asked them to return at 3 o'clock in the afternoon and he would give them a decision on the matters under consideration.

When the delegation returned the secretary stated that after reading the statement of the case and after looking over the reports on the same questions he had come to the conclusion that he would send a special agent to the scene to make a report. He would detail for the service Colonel Fairson, who was recently appointed from North Carolina, to make the report and he would expect to have the agent's reports sure within ten days. In the meantime he would instruct Agent Bennett to conform to Colonel Fairson's instructions and assist him in this way.

The secretary stated he would direct Special Agent Fairson and Agent Bennett to tell the Locke fellows that the Jones government would be upheld by the United States, also that no martial law would be inaugurated unless it became certain that it was absolutely necessary.

The secretary also promised that he would assist the Jones authorities to uphold the law as far as it was necessary to enable them to arrest all parties who now stand indicted for violations of the Choctaw law. The governor is to disarm his militia and proceed with his civil authorities to make arrests and if the civil authorities are not able to make arrests the United States troops are promised to assist and the injunction is made that the governor shall not call out his own militia, but call on the United States.

This plan is looked upon by the secretary as more likely to be practicable as the Locke fellows as he estimates will not be as likely to attempt to resist the United States troops as they would to resist an armed force manipulated by Jones. The question of punishment for those who have been with the Locke party was discussed at length. The secretary stated that he would insist that they be allowed to go and no attempt be made to indict or to punish them for joining in the trouble. He carried out the general pardon plan to this extent. The members of the delegation replied that they did not presume there would be trouble over that feature of the matter.

This was a very delicate feature to the delegation, as some of the Jones fellows have been insisting they should be allowed to punish all the Locke party. There is a general understanding that the delegation agreed to not attempt to punish the Locke fellows, but they will be permitted to arrest those who are already indicted, and in this will be assisted by the United States.

The members of the commission left for home to-night. They announce themselves as well pleased, but at the same time it is discovered they did not get all they at first stated they wanted. They were given a basis to compromise on, and assured by the secretary that the
