Hawkins Whipped Miller So Severely at 'Frisco That the Latter's Life Is Despaired Of—General Sporting Notes.

The Kansas City Bowling club held its weekly trophy tourney at Scharnagel's yesterday afternoon and evening. There was a large attendance of club members and their friends, thirty-five men taking part in the contests. The bowling generally was of good average and the contests were open ones until the last squad bowled, the winner of the first and second prizes turning up in N. M. Heathfield and J. A. R. Elliott on scores of 183 and 169 respectively. Early in the afternoon Charles Rechner bowled a score of 162 and was considered to have a good chance to win the honors, but Heathfield and Elliott both beat him out.

Since the organization of the club the following have won the honors from week to week:

CYCLIST NEWS.

Chairman H. E. Raymond's Bulletin on Amateur Class Violation.

Chairman Harry E. Raymond of the League of American Wheelmen's racing board, has in-

Mitchell in a contest for the world's pugilistic championship, he should be willing to accept the Englishman's proposition to meet in New Orleans for the purpose of arranging a contest that would not lay either party liable to a penitentiary sentence.

Ed Hanlan and Wallace Ross are matched to row for the American championship on May 30, n.xt.

Julius Smith of Pike county, Mo., is at Nevada, Mo., in the interests of a base ball league for Southwestern Missouri, which is expected to include in its circuit Nevada, Joplin, Carthage, Rich Hill and Springfield.

"Joe" Donoghue says he will not go to Minneapolis to skate Johnson and also that there has been no correspondence between Hagan and himself recently. It looks as though "Joe" is through with skating for the winter. His back is still quite lame from his illness while skating at Red Bank last week.

Quite a delegation of local sports will visit Junction City, Kas., on Monday to witness the rat baiting contest between the Kansas City dog "Crib" and Junction City's "Dude." Kansas City men lost about \$300 on the former meeting between the pair and expect to get even on Monday night. The dogs are very evenly matched and "it is anybody's contest."

The Oxford and Cambridge crews began training last week. The Oxford crew is now definitely made up and is considered stronger than last year's eight. The Cambridge eight is subject to changes. The two crews will not arrive on the Thames until the 1st of March, which will give them a little over three weeks' training in London. It is understood that the Cambridge crew will be a little heavier than the Oxford eight.

Bat Masterson and several other Denver sports passed through Wichita, Kas. last night enroute to New Orleans to witness the Hall-Fitzsimmons and Goddard-Smith fights. They had \$20,000 in the party to bet on Hall and Goddard. Masterson said he believed Smith to be Goddard's superior in skill, but too faithhearted to fight the battle out. Immediately after the New Orleans fights, Masterson will accompany Charlie Mitchell back to England. He feels confident Mitchell will whip Corbett.

The following are the candidates for the Princeton base ball team: From '03—Guild, Woodcock, Brokaw, Mullen, De Witt; from '91—MacKenzie, Forsyth, Balliet, Young, Neely, Creigh, Sward, Cherry, Foster, Lindsay, Drake; from '95—Frencher, Payne, Francis, Blair, C. H. Bissell, Gould, Otte, Snyder, Thompson, Neill; from '06—Elliott, Conover, Anderson, Gunster, Bergen, Pierce, Ward, A. Bissell, Churchman, McGregor, Hodge, Small, Titus, Potter, Adams, Leprance, Northrup, Johnston, Haines, Wilson, Turner, Hartman, Davis, Thompson.

John S. Johnson, the cyclist and skater of Minneapolis will, at the close of the coming bicycling season, go to Norway and train for the great international skating races held at Christiania annually. It is a question with Johnson just now whether he sticks to the wheel exclusively or tries to keep in training summer and winter for the pursuit of both sports. It seems likely that the latter course will prove too hard for long continuance and the probability is that Johnson will try to beat the foreigners on their own ground next year, but after that will devote his attention to the wheel.

On Thursday Joe Ullman, the bookmaker at Hawthorne, took another bet of \$500 to \$5,000 on G. W. Johnson from New York. Dave Waldo bet \$50 against \$5,000 on Toke Bell. Other bets taken were \$50 against \$5,000 on Aldebaran, \$10 against \$10,000 on Antioch, \$100 against \$10,000 on Buck
