~~The Strike at Swift & Co.'s is a thing of the Past—Other Events of Interest.~~

~~Swift & Co. put over 300 men to work in the different departments yesterday. Many of the old butchers have returned to their work and the management expects that all of the men who walked out at the beginning of the strike will be in their places by Monday morning. The striking butchers claim that all of the men who have resumed work have been promised their old wages and will not have to stand the cut of 10 per cent, as was proposed, which caused the walk-out.~~
