

THE LEAVENWORTH TIMES: THURSDAY

COAL MINERS DELIBERATE.

A MEETING HELD YESTERDAY MORNING AND A COMMITTEE AGED.

THE MEETING STOPPED FOR A DAY

When Vice Mr. President Carr and Sign. Sherman were a committee of wages which is not representative of the miners. Last night the committee met in the Virginia Again This Morning.

Everything was quiet at the Home and Riverside mines Monday. It was reported that some hundred men worked in the Home all day. It was not the case at the Riverside. No work was done. There were some hundred miners there ready to go to work but Engineer Graham told them that they were not to go to work. It was stated afterward that three strange men had visited the (Riverside) mine and had told him he must not attempt to do the colored men go into the mines.

On the subject on Saturday. The men are said to have "held him up" near his home when they were in the evening.

Mr. E. P. Wilson of the Great Western was there and he is in the county jail with the city. The strike has been closed by the city.

Mr. J. W. Johnson of the City Jail said that he would not pay for the men's food. The men are said to have been held up near his home when they were in the evening.
