

FASHION AND HOME

A Hat of Coarse Straw. Has a novel shape and it looks rather like a young bird. It is of coarse straw.

Woolen green satin, and trimmed with the same and cashmere tulle.

A Club Connection. Women are admitted to the National Yacht Club. The color of their ties is generally approved of members, who express their desire to be allowed the privilege of taking their boats out to sea at the club.

Preservation of Rings. Rings under gloves unless you are in the house, and rings under gloves. Friction wears out the tiny gold bolts these in place, and unless they are changed, they become loose and fall out.

Tomato Parcel. A parcel of tomatoes in the bottom of a tin of a few bread crumbs. They are of salt and pepper, then another tin of bread crumbs. Put a few more on top and take in a quick minute. Serve in the dish in which they were packed.

Disposed to Quibble. Young wife: "Here, what you'd give up the use of that vulgar expression, 'Got a gait on you?'"

A Non-Follower. Mrs. Fligdet (as she lays down her novel): "These gosh stories are silly. Just as if any one would believe them."

Righteous Indignation. Weary Walker: "I've no other article on grasshoppers as a food. Says day are very fat cats, not nothing, 'nobody need go hungry."

Practical. "What's the matter, Brudsh? You look sad!" "I am sad. I decorated a set of soup-plates for Mrs. Bodehite, and what do you suppose she'd do with 'em?"

Here. "Yes, I saved her life yesterday," Miss A. "Really? How?" "She was crossing a field, and a mad bull attacked them, she'd been and the bull followed the red stripes on his flaxen."

For Time of Need. Solicitous mother: "My son, is your fiancee a girl of thoughtfulness and foresight?"

Reciprocity. His friend: "Don't you think it disastrous for our country to have a tariff on apples?"

After St. Paul. May Hume: "What an apostle Blanche would have been!"

TOO LATE

How Members of Parliament Are About Out From Divisions. It is very another member of Parliament to be shut out from a division in which he desires to take part.

When a division is called for in the House, electric bells are rung in all the rooms and corridors where members are likely to be congregated. Immediately a stream of legislators pours from the dining-room, where they have been engaged in refreshing the inner man.

On another occasion, when the present government secured an unusually small majority, the voting power was diminished to the extent of one through a very curious mishap. One of their supporters slipped into the division lobby and stepped into an adjoining room, and by some accident got locked in until after the division had been taken.

Before being locked up, Judge Copenhaver said: "I favored the compromise proposition, but it was a matter of no consequence to me. I am a lawyer, and I can do nothing. The will of the people of the county is law with me, and I can only register my protest. My goodness, that proposition be voted as best it may be."

JUSTICE IS PUT IN JAIL. A BRAVE OHIO VETERAN. IN A NORMAL CONDITION.

COUNTY JUDGES OF ST. CLAIR COUNTY NIGHTLY LOCKED UP. United States Circuit Judge Phillips Demanded That Liberties of Any Kind Be Refused the Contempts of the Court.

The St. Clair county judges who are in contempt of the United States court in refusing to order a tax levy to meet the bonded indebtedness of the county, are for the first time since the beginning of their troubles being subjected to close confinement in jail.

At the jail building, they were met by their respective marshals. The judges, however, in the door themselves. Around the jail building they seemed to hang more like deputy marshals than prisoners.
