

Outlook Encouraging.

The firm of H. Switzer, manufacturer and wholesale dealer in fine cigars and tobaccos at 509 Main street, began business in 1863, which places him as the oldest firm in his line in the city. By strict attention to business and honest methods he has built up a trade which extends from Central Missouri to the Pacific coast. His aim has always been to keep the best brands of cigars and tobaccos that tobacco and skilled labor can supply. During the past year, especially the first half, trade was exceedingly good. He has the greatest confidence in Kansas City, and predicts a great future for it. He thinks the outlook very encouraging during the coming year for business, as collections have been very fair and has a tendency toward the better. Mr. Edwin Turner has managed the business since the death of Mr. Switzer, in 1880, and has conducted the business in a most satisfactory manner.
