

BILL DALTON'S GANG.

Fort Scott Officials Advised That the Outlaws Will Visit That City.

Special to the Kansas City Times.

FORT SCOTT, KAN., Sept. 14.—Chief of Police Ham this evening received word from Sheriff Callahan of Montgomery county, urging him to watch for Bill Dalton and his gang, whom he was quite certain was on their way here on horseback and well armed. He had heard upon good authority that they passed through Cherryvale this morning en route to this city. The chief solicited the aid of Sheriff Alien and his deputies and they, together with the entire force and some special watches, are on guard waiting for them. The officers have kept the matter a secret, so far as possible, to prevent excitement, for they are anxious to capture the outlaws.
