

ROUGHS IN A STREET CAR.

They Terrorized the Passengers and One of Them Struck a Woman.

George Garrett, one of the several men who took possession of a Fifteenth street cable car last night and brutally assaulted Mrs. George Green of 210 West Ninth street, was arrested this afternoon by the police. Garrett is a hackman, and he and "Pinky" Blitz, ex-Saloon Keeper Billy Foster and Jockey Finley were in a crowded car returning from the races, last night, and amused themselves by abusing Mrs. Green, because she recently had one of their number arrested. After much profane language and a general terrorizing of the other passengers and the conductor, it is claimed that Garrett struck Mrs. Green a severe blow, badly cutting her eye. Blitz was arrested last night but was discharged at the request of the woman, who said he took no part in the assault.
