MANY WOMEN WILL VOTE.

THOUSANDS OF THEM REGISTERED FOR THE KANSAS ELECTIONS.

They Have Shown Unusual Interest in Municipal Politics in the Large Cities and Will Be a Great Factor in the Results on April 4.

The registration for the municipal elections in Kansas, which closed last night, was remarkable for the heavy registration of women. Thousands of them are now qualified and ready to vote at the elections which will be held in every city in the state April 4.

In Kansas City, Kas., the women have shown an unprecedented interest in municipal politics, and this vote will be a large factor in the election. Already the candidates are working for their support. When Commissioner of Elections R. C. Foster and his six deputies closed the books last night 3,482 certificates of registration had been granted to women and 8,286 to men. The registration of women was the largest in the history of Kansas City, Kas. The records were not kept separately as to sexes until four years ago, but the registration of women since that time has been as follows:

1889	1,530	1890	500
1891	1,650	1892	850
1893	3,482		

At the election of 1889 1,188 of the women who registered voted. In 1891 all but 215 of them cast their ballots. In 1890 and 1891 only councilmen were elected.

The heavy female registration in Kansas City, Kas., this year was due in a great measure to the efforts of the members of the Wyandotte County Equal Suffrage association. Many of them registered with their husbands and others went in twos and threes to the register's office. During the closing days of the registration carriage load after carriage load of women was brought to the registration office, the carriages being supplied by the central committees of both parties.

The registration in the principal cities of the state, as telegraphed to THE STAR, was as follows:

	Total.	Women.	Men.
Kansas City, Kas	11,768	3,482	8,286
Leavenworth	6,955	2,354	4,601
Emporia	1,489	883	606
Fort Scott	3,625	1,385	2,240

Topeka	10,000	4,000	6,000
Atchison	2,600	320	2,280

TOPEKA WOMEN IN LINE.

Fully Four Thousand of the Fair Sex Prepared to Vote—Incidents.

TOPEKA, March 25.—The total registration in Topeka will exceed 10,000, fully 4,000 being women. For two hours last night a stream of people, reaching from the office up stairs to the street below, surged and pushed to the officer's desk where four clerks were kept busy. Two years ago the total registration was 9,053, of which number, 2,695 were women.

SUPERINTENDENT FINK RESIGNS.

Fred Gunn Will Probably Have Charge of the New Government Building.

J. H. Fink, superintendent of construction of the new federal building, received a telegram last evening from Secretary of the Treasury Carlisle asking for his resignation immediately.

"I got ahead of them," said Mr. Fink to-day, "by sending my resignation to Washington by mail yesterday morning. I knew it would be asked for. There is a wholesale decapitation of superintendents of construction. In my case there happens to be some facts that do not appear, and I do not care to discuss them. But I have resigned."

A Washington dispatch to THE STAR to-day says that Secretary Carlisle asked for the resignation of Mr. Fink yesterday and that Secretary Carlisle told Congressman Tarsney that he had decided to appoint Fred Gunn of the firm of Gunn & Curtis, architects, as superintendent of construction. Mr. Gunn is a member of the lower house of the council from the Third ward and, if given the government position, he will probably resign his seat in the council. Frank Shinnick, member of the upper house, is also an applicant for the place held by Mr. Fink. Mr. Gunn has been in Washington several days and will return to Kansas City Wednesday. Mr. Shinnick is now in Kansas City.

The resignation of Mr. Fink carries with it the resignation of his clerk, Robert Crowell, who is paid $6 a day. It is not known who will be Mr. Gunn's clerk in case he is given the place, but John Sullivan has been mentioned though he declares he had rather be a lawyer with a humble office on the tenth floor of the New York Life building than even a member of the cabinet.

STOLE FROM A POLITICIAN.

John Breathitt's Umbrella Taken From the Midland, but Quickly Recovered.

J. B. Breathitt, formerly state railroad commissioner and now aspirant for the office of United States marshal, was at the Midland hotel Thursday. He lighted a Havana at the cigar stand, then leaving his gold headed $25 umbrella standing there went over and sat down in a chair. A young man came in, picked up the umbrella, read the colonel's name on the handle and deliberately walked away with it. Policeman Edwardson, who is on that beat, was notified. The man was recognized as collector for a piano store. Edwardson notified his employers of the theft and said the man would be arrested unless he immediately restored the umbrella to the man who has his rod up for the Presidential lightning. Yesterday the man came hurrying in with the umbrella. He explained that he took it for a "joke," but inasmuch as Mr. Breathitt did not know him the point of the "joke" was lost.
