soldier and a good citizen. He is making the race on his war record. Bruce is a son of a veteran, and has held the office already two terms. He is after a third term on the precedent established by Menahan and Towner. Jones is an out-of-town man and thinks that he should secure the nomination in order to cement the "hayseed" element of the party with the city crowd. Will Randall, Sid Whisner and F. H. Barker each want to take McGonigal's place at the Court of Common Pleas, but the chances are that the nomination will fall to some dark horse. Will Rotert will endeavor to defeat Chris Horstman for the nomination for county commissioner on the grounds that the city should be entitled to at least one member on the board. Dr. Stevens will likely be renominated for coroner, although a few young physicians are talking of becoming candidates.

SHE SEES A DARK PLOT.

Mrs. Anna Potter Has a Word to Say About Equal Suffrage.

Mrs. Anna Potter has side-tracked her Mayoralty candidacy for the present and is running the equal suffrage question on the main line. She is a member of the suffrage club in Missouri, but as she lives in Kansas and devotes her time to Kansas politics, she proposes to have a word to say in suffrage matters in the Sunflower State.

Mrs. Potter thinks she sees a dark plot among the leaders of the suffrage movement to make the organization an adjunct of the Republican party and proposes to stop it. At the last meeting of the local suffrage club Mrs. Potter accused some of the members of trying to manipulate things in the interest of the Republican "ring." Of course the insinuation did not please the Republican members and for a few minutes there was war. Since that time Mrs. Potter has been in correspondence with Laura M. Johns, president of the State association, and has finally reached the conclusion that Laura is in a similar scheme only on a larger scale.

The female candidate for Mayor, accompanied by her husband, called at THE TIMES office yesterday and produced a letter which she received from Mrs. Johns yesterday morning. The epistle was written on Equal Suffrage stationary, but inclosed in a "Kansas Women's Republican League" envelope. And these are the grounds upon which Mrs. Potter bases her accusations.

When asked if she would attend the Suffrage club meeting here tomorrow, she said: "I certainly shall. I am going to dress in white so that I will be ready for the cooling board, as I understand they intend to lay me out."

A PECULIAR SUIT FILED.

Tom Cummins Does Not Like to Be Garnisheed for a Debt.

Thomas A. Cummins, a Union Pacific employe, began injunction proceedings in the District court yesterday against A. G. Buchannan and Littick & Littick, lawyers, to restrain them from garnisheeing his wages. He alleges in his petition that the Union Pacific railway has a rule that any employe whose wages are garnisheed three times in one year shall be discharged.

He also states that he has been garnisheed twice on this claim, a note for $222, and this thrice garnishment will result in his discharge.

He also claims that his wages are only $45 a month, which he needs for the maintenance of his wife and children, and that if he loses his position they will suffer. For these reasons he asks the court to grant the injunction.

A temporary restraining order was issued by Judge Alden, and the case was set for hearing on September 28.

ARGENTINE.

Over $1,000 in Money Orders Issued This Week by Postmaster Kilmer.

The money order department at the Argentine postoffice has had a wonderfull increase the past week, since the office has been changed from a domestic to an international office. Postmaster Kilmer has issued over $1,000 in money orders this week, which exceeds any month's record since the office was established. Mr. Kilmer states that he is unable to account for the big business in that department.
