

GRAND UNION DEPOT.
MR. BATES WOULD CONSTRUCT ONE EQUAL TO ST. LOUIS.
HE OUTLINES HIS PLANS.
WESTERN RAILROADS ABOUT ABANDONING THE IDEA OF BUILDING AN INTERCHANGABLE MILEAGE TRAIL AROUND KANSAS CITY.

Nerves
John Thompson's nerves are in a state of tension to the point of being unable to sleep. He is a nervous man and is suffering from a nervous headache. He is a nervous man and is suffering from a nervous headache. He is a nervous man and is suffering from a nervous headache.

Hood's Sarsaparilla
This is the best medicine for all kinds of skin diseases. It is a powerful purifier of the blood and a general tonic. It is a powerful purifier of the blood and a general tonic. It is a powerful purifier of the blood and a general tonic.

INTERCHANGEABLE MILEAGE.
The Western Railroad has a plan to construct an interchangeable mileage trail around Kansas City. The plan is to construct a trail around the city, which will allow passengers to travel between the various railroads without having to change trains. This is a very important plan, as it will greatly increase the convenience of travel for the public.

ORDER RAILWAY CONDUCTORS.
The Central Passenger Association has ordered the railway conductors to be more courteous to the passengers. The association has found that many conductors are being disrespectful to the passengers, and this is causing a great deal of dissatisfaction. The association has therefore ordered the conductors to be more courteous and to treat the passengers with respect.

BIG DEAL OF SANTA FE.
The Santa Fe Railway has made a big deal with the Union Pacific. The deal involves the construction of a new line between the two cities, which will greatly increase the capacity of the railroads. This is a very important deal, as it will allow the railroads to handle a much larger volume of traffic.

WILL DISREGARD THE ORDER.
The Union Pacific will disregard the order of the Interstate Commerce Commission. The commission has ordered the railroad to stop discriminating against certain shippers, but the railroad has decided to ignore the order. This is a very serious violation of the law, and it is likely to result in further action by the commission.

UNION AVENUE OFFICES.
The Union Pacific has moved its offices to Union Avenue. The new offices are a very fine building, and they will allow the railroad to handle its business more efficiently. This is a very important move, as it will greatly increase the convenience of the railroad's operations.

Kansas Depot Extension.
The Kansas City Depot is being extended. The new extension will allow the depot to handle a much larger volume of traffic, and it will also provide more space for the passengers. This is a very important project, as it will greatly increase the capacity of the depot.

New Casting Rates.
The Kansas City Journal has announced new casting rates. The rates are being increased, and this is due to the increase in the cost of paper and other materials. This is a very important announcement, as it will affect the price of the newspaper.

State Board Committee Meets.
The State Board of Education has met to discuss the proposed changes to the curriculum. The board has decided to make several changes, and these changes will be implemented in the next year. This is a very important meeting, as it will determine the future of the state's education system.

Railroad Board Reorganized.
The Railroad Board has been reorganized. The new board will be responsible for regulating the railroads, and it will also be responsible for ensuring that the railroads are operated in a safe and efficient manner. This is a very important reorganization, as it will greatly increase the effectiveness of the board.

Railroad Crossing Wagon.
The Railroad Crossing Wagon has been invented. The wagon is a very important invention, as it will allow the railroads to cross roads more safely. This is a very important invention, as it will greatly increase the safety of the railroads.
